PRODUCT OVERVIEW

Clearing the Way to Safer Roads, One Obstacle at a Time

The DebrisClear System by IC Innovations is a powerful and reliable solution designed to keep roadways clear and safe. Engineered for efficiency, it removes hazards like debris and stranded vehicles swiftly, reducing the risk of secondary accidents and minimizing traffic delays.

PRODUCT FEATURES

Main Characteristics

- 01 Corrosion-Resistant Finish:** Built to withstand harsh conditions for long-lasting durability.
- 02 Dual Cameras:** Provides enhanced visibility for safe, in-truck operation.
- 03 Powerful Clearing Capability:** Removes debris swiftly to keep roadways clear.
- 04 Safe Vehicle Pushing:** Designed to safely move stalled vehicles off the road.

DebrisClear

PRODUCT NAME
DebrisClear System

COMPATIBLE:
Ford F250/350/450/550
Dodge 3500/4500/5500

PRODUCT CATEGORY:
Debris clearing system

INSTRUCTIONS FOR USE

The DebrisClear System is designed for easy integration with compatible vehicles, providing a powerful and efficient debris-clearing solution. Once installed, the system allows operators to safely capture and remove debris directly from inside the cab, minimizing the need to exit the vehicle and reducing safety risks. With intuitive in-cab controls, operators can quickly deploy and stow the system, enabling a streamlined and safe debris-clearing process.

QUALITY STANDARDS

- Durability Assurance**
DebrisClear is rigorously tested to withstand harsh conditions, ensuring long-lasting performance.
- Safety Compliance**
DebrisClear meets industry standards for safe in-cab operation, reducing operator exposure to traffic risks.

PATENT INFORMATION

PATENT NUMBER
WO 2021/062104 A1
PUBLICATION DATE
01 APRIL 2021

FEATURES & TECHNICAL DATA

Product Characteristics	Competitors	DebrisClear
Safely capture & contain debris up to 150 lbs at 15 mph		
Dual camera system		
Full functionality of both tow hooks		
Push bumper capable of pushing 80,000 lbs		
Under 130 lbs - Lightweight design minimizes wear on trucks & brakes		
Single hydraulic piston / Low maintenance		
Priced under \$25k and in-stock		

WARRANTY

The DebrisClear System by IC Innovations is backed by a 1-year Limited Warranty, ensuring coverage for any defects in materials or workmanship under normal use. During the warranty period of 365 days from the delivery date, Incident Clear will repair or replace defective parts at no cost, using

new or refurbished components. Replacement parts carry the remaining original warranty or 365 days from the repair date, whichever is longer. This warranty does not cover issues caused by operator error or conditions unrelated to manufacturing defects.
